Tere tulemast Kirjastajaportaali!

Kirjastajaportaal on e-teenuste keskkond kõigile Eesti väljaandjatele. Siin saab teavitada uuest väljaandest, taotleda standardnumbreid, arhiveerida faile, hallata väljaannete juriidilisi õigusi ja vaadata statistikat oma väljaannete kasutamise kohta.

Portaali kasutaja peab olema eelnevalt autenditud st sisse logitud oma kasutajatunnuse või ID-kaardi või Mobiil-ID-ga. Selleks tuleb ennast registreerida Eesti Rahvusraamatukogu kasutajaks.

Digital archive DIGAR <http://digar.nlib.ee>

The screenshot shows the DIGAR website interface. At the top, there is a navigation bar with tabs for 'BOOKS', 'JOURNALS UNTIL 2016', 'GRAPHICS', and 'COLLECTIONS'. The DIGAR logo is prominently displayed in the center, with the tagline 'DIGAR DIGITAL ARCHIVE' and the text 'Journals since 2017 | Newspapers since 1821 view in the portal DIGAR Estonian Articles'. Below this is a search bar with the text 'FIND' and a dropdown menu set to 'All fields'. A 'Detailed search' link is also visible. The 'Librarian's choice' section features four book covers with the following titles: 'Tähtsad mehed. 3. anne Matthias Johann Eisen', 'Sannumed pagganattest, nende ehk usust ning', 'Eesti Lauliko wisiramat : 120 uut laulu-wisi', and 'Eesti Laste Rõõm : Hea lastele pühade kingituseks - Näidid'. The right sidebar contains a 'Log in' button and a 'Log in as National Library user' button, along with information about 'Journals 2017- Newspapers 1821-view in the portal DIGAR Estonian Articles'. The Windows taskbar at the bottom shows the date and time as 12:53 on 01.05.2019.

Collecting web publications made publicly accessible

- via the domain **.ee** or other top-level domain geographically linked with Estonia;
- via other top domain, being important for Estonian culture;
- by any citizen of the Republic of Estonia, by a legal person registered in the Republic of Estonia or by a natural person residing in Estonia, and being essential for the Estonian culture.

Act does not apply to

- a database whose preservation is provided for by other legislation;
- real-time streaming of web publication;
- web publication requiring an unreasonable large amount of data for preservation regarding its content;
- commercial sites, gambling and online game environments, web directories, sites without original content

Web crawling on 3 levels:

- Selective Crawl - websites of State institutions, local governments etc
- Creating Special Collections - Estonian Republic 100, Olympics, Song Festivals
- Broad Crawl - sites ending with .ee; partly .com ja .eu are collected once a year

Implamentation of the Act

- creation of legal deposit distribution center,
- development of a state supervision system,
- communication - information days for printing houses and publishers, short press conference in the library, interviews, materials published on website, targeted postings to publishers and printing houses
- development of Publisher Portal

Two years later

- very successful co-operation with libraries and publishers
- workflow of periodicals contains more manual work
- 2018 - received almost all files of printed publications, also 1500 e-books and standards
- 2018 - sent out 125 warnings to the publishers, no need for fines

Thank you for your attention!

Kairi.Felt@nlib.ee
